A long time ago, wedding gowns are known to be very flamboyant. Most of them are called *ball gown gowns*

. Besides the veil, the gown itself has its own trail, spanning several inches. There would be plenty of embellishments, such as crystals, to make sure that the bride will literally shine and sparkle on her special day. Of course, that was before. Today, because you already have a lot of choices, you no longer have to be too traditional with your approach on your wedding dress. You can go modern or practical, such as getting yourself

a tea length wedding dress

What is a tea length wedding dress?

If you have been scouring for one in the market or you are thinking of doing so, expect to see different lengths of this wedding dress. Some of them would be very long, while others are short.
